About Our Donuts

At Frosty's Donuts, the quality of our donuts is the source of our pride. We start with the finest ingredients and cut all of our donuts by hand - just as our predecessors started in 1965.

Our delectable frostings and glaze set our donuts apart from the rest.

- Our glaze is made from scratch in house with our secret recipe.
- Fluffy powdered sugar and pure vanilla extract combine to create our delightful vanilla frosting.
- Deep, dark, fudge comprises the key ingredient for our exquisite chocolate frosting.
- Our heavenly maple frosting is created using real Maine maple syrup.
